### PROFILE

---

A 23 years old learner proficient in a wide array of web technologies, dedicated to crafting captivating websites. A collaborative team member consistently delivering outstanding results, even under tight deadlines. Committed to continuous growth, always eager to enhance technical expertise. Actively searching for opportunities to make a meaningful impact as a web developer.

### SKILLS

---

Front-end: HTML, CSS,

JavaScript

Frameworks: ReactJS

Responsive design

Back-end: PHP, NodeJS

Databases: MySQL,

MongoDB

Version control: Git

UI/UX design

### EXPERIENCE

---

#### Web Developer Intern

*Gainn Fintech Pvt. Ltd*

**Jan 2023 – June 2023**

As a Web Developer intern, I completed impactful projects, designing a CRM system and a WhatsApp bot to enhance communication and automate processes. I also gained valuable experience with REST APIs, seamlessly integrating external services and data into web applications.

### EDUCATION

---

MET ICS Mumbai

**2021 – 2023**

*Masters in Computer*

*Application*

#### Full-Stack Web Developer Intern

*Insistence Technologies Pvt. Ltd*

**Jan 2021 – June 2021**

During my graduation internship, I handled two key projects: a Car Rental System and an E-commerce System featuring personalized recommendations and streamlined order processing. These experiences honed my skills in system development and database management.

SGBAU Amravati

**2018 – 2021**

*Bachelors in Computer*

*Application*
